Patrick will brief Susan. I'll follow up with him on or before Friday to get her feedback. I'll be out of pocket all next week so you guys will need to coordinate directly with Patrick. Please remember to copy Greg, Phill and Rosemarie.

Hi all,

I thought we had a really helpful discussion with Patrick today. Below are the notes that I took on Patrick's thoughts for the questions that we were posing. Please let me know if I failed to capture anything, or if my notes do not reflect anyone's understanding. Otherwise, Marcia and I can take this guidance and run with it in workgroup calls and discussions with staff from other offices.

Apple - I do not have an invite currently for a briefing with Susan tomorrow. Is that happening, or was briefing through Patrick sufficient for now?

Thanks,

Ginny

I'm out of pocket next week and totally off the grid through the 23. If you and Marcia want to meet with her next week you can bring me up to speed when I'm back or wait until after the 24 to schedule something.

Apple,

Attached are response comments to your questions. It seems like a meeting with Amy might be helpful to better lock down OGC's view on many of the questions that you raised. Would you like me to set that up for early next week?

Thanks,

Ginny

Ginny (and Marcia),

Thank you so much for pulling this together. You guys went above and beyond. I really appreciate it.

I have a few questions and Rosemarie/Phill may have similar questions so I wanted to get them to you before the meeting this afternoon.

See attached. Thanks.

I tried to condense this, but I couldn't figure out how to really cut it down. I cleaned it up and added some details on the exemption criteria, and I added a summary section that is basically questions for management as to priorities and concerns. Apologies for the delay in getting this out. I needed to spend some time with the options selection materials to try to organize my thoughts on the summary.

Some formatting issues because I was cutting and pasting from several formats, but the substance is here, I hope. Ginny knows the holes if I missed something.

Needs a summary. Ran out of time. Applying sunscreen and hitting the beach. Relying on you guys to bring this home, but you all have my cell if you need to clarify anything I can try to be available.
